Cutler Hall  
Athens OH 45701-2979

The Squire's Boys Basketball Education Foundation, Inc. is a respected, nationally-recognized program where integrity is always first. I am very proud of this organization and all that it provided to my son when he was a youth athlete. My son benefitted greatly from the high-quality basketball program provided through this highly-visible local and national program.

Its volunteers, with integrity and devotion, have improved the lives of thousands of young people. The Squire's organization's past partnership with Adidas back in the mid-1990s elevated the program and made it the first Richmond, Virginia program to be sponsored by a shoe company.

The Squire's organization plays a major role in the youth sports landscape in the Richmond area and has a rich legacy of improving children's lives. I know it had a wonderful impact on my family.

Cordially,

A handwritten signature in blue ink that reads 'Roderick J. McDavis'.

Roderick J. McDavis
