

To Whom It May Concern,

I have known Tony Squire for over 20 years; he has been a great role model, teacher, and ambassador for AAU basketball in the city of Richmond. Tony's main focus with the Squire's program is to develop student athletes that will go on to college and be successful. Tony not only develops great basketball players, but also develops great people. The Squire's program provides kids the opportunities to interact with role models and community leaders for insight and guidance on how to realize career goals.

In 25 years of running the Richmond Squires AAU program, Tony has built a tremendous reputation with college basketball coaches all over the country. He is always in contact with me or someone on my staff regarding the tremendous amount of student athletes the Richmond area has. Tony is the first person I call when I am looking for an honest opinion on a student athlete because he understands the business of Division 1 college basketball. With the enormous amounts of college contacts that he has, Tony Squire would be a great asset to any institution as a recruiting coordinator.

Sincerely

James "Bruiser" Flint

Head Men's Basketball Coach
