The Voice of the People

Richmond, Virginia

GATEWAY 6TH DISTRICT
The Honorable Ellen F. Robertson
Councilwoman, Gateway 6th District
Vice President, Richmond City Council

October 19, 2012

To Whom It May Concern:

As Vice President of Richmond City Council and Councilperson of the 6th District, it is a pleasure to acknowledge the significant contributions made by Tony Squires and The Squires Boys Basketball Education Foundation Inc for over the past two decades.

Tony Squires is dedicated to improving the lives of young people through sports. He has invested significant time, talent and resources to teaching our youth team work, conflict management, strategy, discipline, perseverance and so much more through the art of basketball. These are critical skills needed by all -- but particularly so many of our youth who are confronted with violence and challenges that could cost them their lives. Tony is a well needed advocate for young people -- launching them into their divine trajectory into college and beyond.

I appreciate the arduous work The Squires Boys Basketball Education Foundation Inc performs in building skills and developing the character of our young people which is the true wealth of our community. I hold the organization in high esteem for the outstanding work they have done consistently and effectively. They have and continue to play a critical role in transforming the lives of our youth.

Yours Sincerely,

Ellen F. Robertson, Councilwoman
Richmond City Council, Gateway 6th District
